

*Profile of*

## Australian Antarctic Data Centre

*Data base: own disclosure*

*The community agreed in letting nestor publish the individual results of the survey for this community.*

### General characteristics

|                                       |   |
|---------------------------------------|---|
| Located in:                           | <a href="#">Australia</a>                                       |
| Regional focus:                       | <a href="#">region of the world</a>                             |
| Subjects the community is working in: | -   |
| Further topics:                       | -   |
| Established in:                       | <a href="#">1996</a>  |
| Legal predecessor:                    | -   |
| URL of website:                       | <a href="https://data.aad.gov.au/">https://data.aad.gov.au/</a> |

### Mission and scope

|  |   |
|--|---|
| The three most important objectives of the mission statement:                    | <a href="#">To provide long-term management of Australia's Antarctic data</a> |
|  | <a href="#">To coordinate Australia's mapping program in the Antarctic</a>    |
|  | <a href="#">Providing free and open exchange of scientific data</a>           |
| Target group:  | -   |
| Services the community offers for its members and if applicable for non-members: | -   |

## Governance structure and financing

- | The community is a non-profit organisation.
- | Legal status: | Government organisation
- | Kind of bodies / internal organisation: | -
- | Type of financing: | Government funding

## Organisational structure

- | Type of membership offered: | -
- | Categories of members: | 33% universities  
| 33% research institutions  
| 33% government
- | Number of partners and members: | Australian Government and a number of Australian universities
- | Official individual membership of natural persons: | We currently have 12 staff.
- | Institutions collaborating in the community: | There are a large number of universities and other organisations that work in the Australian Antarctic program and archive data with us.
- | Number of persons actively working in the community: | We have 12 staff in the data centre. The Australian Antarctic program has hundreds.

## Cooperations

- | Cooperations with other communities: | -

## Modes of communication – scope

- | Newsletter: | no
- | Mailing list: | no
- URL for newsletter and mailing list:  
-
- | Social media sites: | no
- | Website: | no

---

|                               |    |
|-------------------------------|----|
| Wiki in open access:          | no |
| Shared workspaces online:     | no |
| Other communication channels: | -  |

## Events organised by the network

|   |    |
|---|----|
| The community organises events:           | no |
| Number of events per year:                | -  |
| Average number of participants in events: | -  |
